Courses Carrying Carnegie Units

The uniform grading scale and the system for calculating GPAs and class rank will apply to all courses carrying Carnegie units, including units earned at the middle or junior high school level.

All report cards and transcripts will use numerical grades for courses carrying Carnegie units. Transcripts and report cards will specify the course title and the level or type of course the student has taken (e.g., English 1, Algebra 2 honors, AP U.S. History). The grading scale must be printed on the report card.

Honors Courses

Honors courses, which extend and deepen the opportunities provided by courses at the high school level, are designed for students exhibiting superior abilities in the particular content area. The honors curriculum places emphasis on critical and analytical thinking, rational decision making, and inductive and deductive reasoning.

School districts may designate honors courses and give the assigned weighting under the following conditions:

- A. An honors course must have a published syllabus that verifies rigor sufficiently beyond the College Preparatory (CP) requirements.
- B. Textbooks and other course materials must be differentiated and more rigorous than those used in CP courses.
- C. Honors courses may be offered in English, mathematics, science, and social studies. Honors weighting may be designated in other content areas for the third and fourth level of the courses, provided that the two above standards are met. Honors weighting may not be designated in any physical education courses.

One half of a quality point (.5) is added to the CP weighting for honors courses that meet the three criteria listed above. These criteria apply to all courses, including those offered online and in other nontraditional settings and those recorded on a transcript from an out-state-school that is accredited under the regulations of the board of education of that state or the appropriate regional accrediting agency: the New England Association of Colleges and Schools, the Middle States Association of Colleges and Schools, the Southern Association of Colleges and Schools, the North Central Association of Colleges and Schools, the Western Association of Colleges and Schools, or the Northwest Association of Colleges and School (as specified in State Board Regulation 43-273, Transfers and Withdrawals).

Advanced Placement and International Baccalaureate Courses

The following criteria apply to the College Board's Advanced Placement (AP) courses and to International Baccalaureate (IB) courses—including those offered online and in

other nontraditional settings and those recorded on a transcript from an out-state-school that is accredited under the regulations of the board of education of that state or the appropriate regional accrediting agency: the New England Association of Colleges and Schools, the Middle States Association of Colleges and Schools, the Southern Association of Colleges and Schools, the North Central Association of Colleges and Schools, the Western Association of Colleges and Schools, or the Northwest Association of Colleges and School (as specified in State Board Regulation 43-273, Transfers and Withdrawals).

- Only AP or IB courses can be awarded a full quality point above the CP weighting. Seminar or support courses for AP or IB may be weighted as honors but not as AP or IB courses.
- An AP course can carry only *one* quality point.
- A standard-level (SL) IB course can carry only *one* quality point. **However, two quality points of IB credit can be granted for higher-level (HL) courses in the IB program that require a minimum of 240 hours of instruction.**
